

IPTS
SECURITY

COMPANY PROFILE

NATIONAL INDEPENDENT SECURITY SERVICE PROVIDER, SPECIALISED SERVICES AND A DISTRIBUTER OF SPECIALISED POLICING EQUIPMENT.

INTRODUCTION

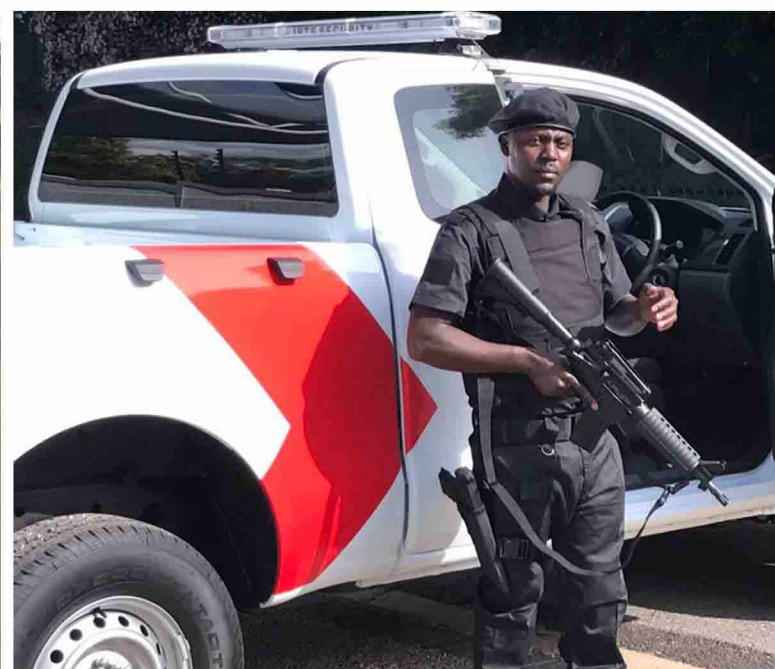

Intense Protection and Tourists Services trading as IPTS was founded in 2003 by Mr Muziwandile Nala who is also the Executive Chairman of the business. The company evolved from a guarding and armed reaction service provider to very specialized security services and solutions.

Apart from keeping your facilities safe and preventing loss, we understand that we become the face of most of our client's profile, as we are the first line of physical communication. It is therefore important to understand the business of our client, to be able to understand the type of clients to expect and the kind of help to offer.

IPTS offers the full spectrum of risk management solutions encompassing static, dynamic and procedural security as an integrated service offering.

We design, implement and manage solutions unique to each client's specific needs that prevent loss through proactive and reactive best practice.

We have a track record that proves in providing innovative and effective safety and security solutions for personnel, property, assets and information.

FORMAL STAFF SELECTION PROCESS

TO ACHIEVE THE PLACEMENT OF FIT FOR PURPOSE MEMBERS WITH THE CORRECT ATTITUDE, APTITUDE AND ATTRIBUTES TO RENDER PROFESSIONAL AND EXPERT SERVICES, WE FOLLOW A FORMAL VETTING AND SELECTION PROCESS.

A cornerstone of our recruitment and ongoing quality control process is the performance of stringent pre employment verification to ensure that all personnel deployed are of highest caliber and have a track record that attest to their experience, expertise, honesty and integrity.

We achieve this by performing verification routine in respect of each member of our personnel. These include the verification of criminal records status, financial status, education qualification, employment reference, qualification reference and polygraph tests. The integrity verification process is conducted throughout the life of the employment cycle.

INTEGRITY MANAGEMENT

Code of conduct and ethics

Our code of conduct and ethics reflects our generally accepted rules that govern and regulate behavior, relationships and action of all members at IPTS . These lay down the standards of what is acceptable and unacceptable in our organization and are both value and rule-based and have the common purpose of:

- Being a central guide and references on the conduct of employees in support of day to day decision making.
- Clarifying our vision, mission, value and principles, linking them with standards of professional conduct.
- Providing visible guidelines to regulate behavior.
- Serving as a tool to encourage discussion of ethics and to guide employees when dealing with ethical dilemmas, prejudices and grey areas that are encountered in everyday work and life encounters.
- Complementing standards,policies and rules of IPTS.

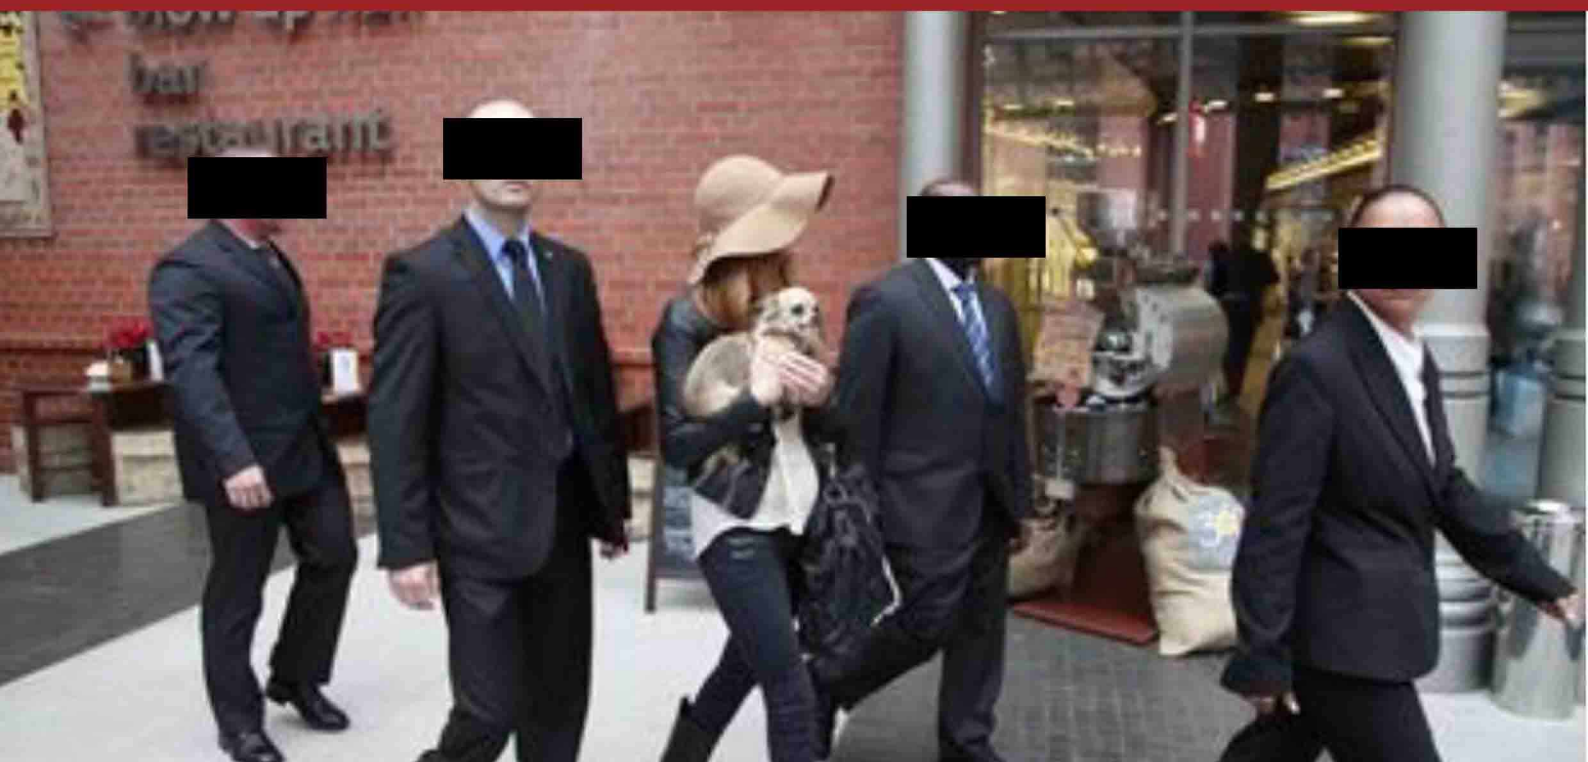

IPTS TACTICAL RESPONSE

IPTS management has many years of experience in security co-ordination and with tactical support teams throughout South Africa. Gone are the days where normal security guards, one armed reaction officer per vehicle, trained in armed reaction respond to an alarm, panic alarm, respond to a phone call or assist in case of an emergency. Our capabilities include contingency planning, intelligence gathering and medical assistance.

IPTS applies strict measurements in recruiting operators for Tactical interventions which include:

1. Strict selection phase, physical conditioning(PREPCON)
2. Weapons Phase (80% Proficiency)
3. Urban Phase (80% Proficiency)
4. Rural Phase (80% Proficiency)

IPTS also conduct in-service training every quarter, ensuring that all Operators are skilled and equipped with the knowledge and expertise to protect your lifestyle the lives of your family members and assets. IPTS operators are deployed in two, four and eight man teams. IPTS are specialist in Asset protection and have been in the security industry for years with a reputation that speaks for itself. Skilled and trained to perform house penetration, assaults from vehicles, Tactical approach and movements. We have the resources, skills and capacity to handle and deal with any situation.

Members professionally trained

IPTS tactical support unit members are carefully recruited, selected and trained in a variety of safety and security techniques, including counter surveillance. They are in constant contact with our 24-hour communication centre for security alerts and deployment of additional support. IPTS is already a very well-established brand to many people in the corporate, property management service and personal security in South Africa.

IPTS is a professional firm that, amongst other aspects, handles protection of dignitaries and high profile personalities. We employ highly trained specialists and will be providing the "on the ground" manpower to protect your assets and people. Training for our tactical support unit, members includes instruction in criminal law, tactical training, fire prevention, first aid and physical fitness

RIOT CONTROL SERVICES

Responsive in critical situations, IPTS Asset Protection Teams (APT) is the undisputed leader in the field of labour disruption security. IPTS management has many years of experience in security co-ordination and in RIOT Control throughout South Africa.

APT provides security personnel who are trained to protect people and property during public unrest. Discipline and restraint characterizes APT, whose operations pioneered the use of photo and video documentation. Our capabilities include business interruption contingency planning and consulting, security personnel and services, logistics support and pre- and post-crisis counseling. IPTS have some recruits of personnel from law enforcement and military backgrounds.

EXECUTIVE PROTECTION

IPTS offers the most professional executive protection service in South Africa. To protect your organization and future profitability by safeguarding your financial assets and providing your executives and staff with a safe and secure working environment. The leadership of your organization is an asset that will be safely protected with IPTS' Executive Protection Services.

Professional, Highly Trained Bodyguards from IPTS

IPTS puts the safety of your executives first, by using highly qualified personnel.

A close protection is a specialized task and IPTS is highly regarded and recognized in South Africa as a leader, offering a world class service.

VIP protection training includes;

Our protectors are trained professionals of the highest standards which include:

1. Physical conditioning (PREPCON)
2. Basic VIP Protection (80% Proficiency)
3. Advance VIP Protection (80% Proficiency)
4. CQC (Close quarter combat) (80% Proficiency)
5. Weapons (Tactical shooting) (80% Proficiency)

IPTS close protectors are highly skilled professionals, ensuring the safety of the principal. IPTS protectors has proven time and time again that they serve with pride. IPTS protectors applies different methodologies in the field thus making them far more adequate and skilled.
